

Senate Raises Cry Of Dictatorship

WASHINGTON — Controversy over President Roosevelt's foreign policy exploded in the Senate again today when Sen. Hiram W. Johnson, R., Calif., veteran isolationist, accused the administration of pursuing "the method of dictatorship" in attempting to keep its affairs a secret.

That charge and repetition for a former one that present policy was leading the country toward war were made by Johnson in a formal statement while the Senate Military Affairs committee prepared to resume its investigation of cooperation given by various government departments to a French air mission buying American-made military planes.

Simultaneously, the French embassy announced that the mission has concluded its work and placed orders for more than 500 military planes with four American manufacturers.

The Senate committee continues its inquiry of the French planes deal today under a rule that leaves members free to discuss testimony with newspapermen. Summoned to testify were Admiral William D. Leahy, chief of naval operations, and Capt. Sydney M. Kraus, who was assigned to temporary duty with the treasury department in connection with the French mission's visit.

Johnson, who previously had declined to discuss a four-point statement of policy made by the president at a recent press conference, declared that "secrecy begets ill that cannot be forgotten."

Some of the adherents of the just bluffing," he said, "and by bluffing will keep those countries whom we don't like from fighting the countries we do like. I want no bluffing on a matter which concerns the lives of our people."

Mr. Roosevelt recently denounced as a "deliberate lie" a report that he told the Senate Military Affairs committee the United States' frontier now is on the Rhine. He said the person who circulated the report was a "hoax."

"No epithet, applied to senators or to newspapers will relieve the situation of its secrecy," Johnson said. "Of course, all the people are entitled to know what has happened and to know the details."

"I have ever been for national defense. I'll do anything for the protection of our land and our people. But I won't have Uncle Sam policing the world, nor will I arm this country for aggression."

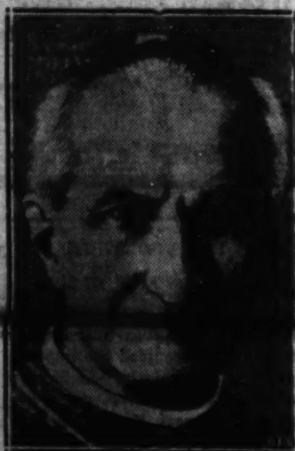

"It's ridiculous that the hands of United States senators should be tied and their mouths closed. It's worse than ridiculous that the people as a whole shouldn't know what so intimately concerns them and what may mean life itself. This is the method of dictators—it is not Democracy."

Library News

The first meeting of the Grenada County Library Board of Trustees was held on Tuesday night of this week. Miss Pearl Sneed of the State Library Commission in Jackson was present to give a picture of the national and state library work as it affects the local library. Plans for bigger and better library service in Grenada county were begun.

Juvenile Book.
Pedro, the Potter, Young Fu, Extra! Extra! Marty Lu, Wires Around the World, Nadita, Man Conquers the River, Martine and Michel, Flash, Flash, Flash, Tangle Garden, Wings Away, Little Grey House, Haste, Post, Haste, Civilizing Cricket, Star, Prince Jan.

Grenada is at present the fastest growing city in Mississippi.

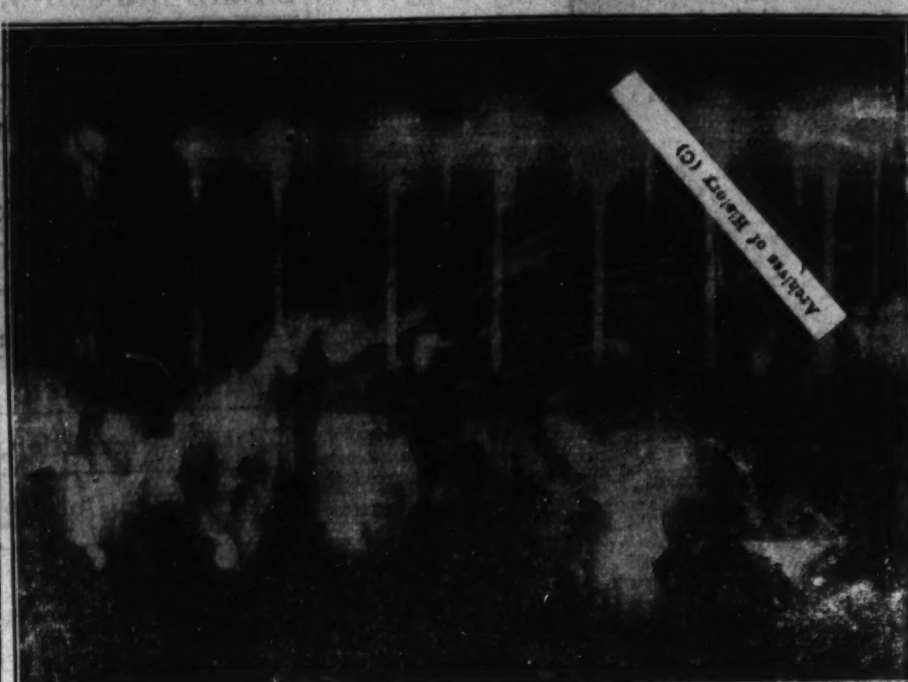

ANNOUNCEMENT — Cardinal Genaro Granito Pignatelli di Belmonte, dean of the College of Cardinals, who will announce to the world the name of the new Pontiff of the Catholic Church after the election by the College of Cardinals in their conclave at Vatican City.

Protest Made By Two Governors

JACKSON, Miss. — Gov. Hugh White today joined Gov. Carl E. Bailey, of Arkansas, in protesting against a \$10,000 appropriation by the Indiana legislature to fight Southern demands for freight rate equality.

White telegraphed Gov. Clifford Thompson of Indiana that the South seeks only parity.

POPE'S BODY IN STATE

Surrounded by the glow of 26 enormous candles, here the body of Pope Pius XI lies in state in the

Chapel of the Blessed Sacrament, St. Peter's, Vatican City. The body lies on the catafalque of red velvet, in an inclined position so that the thousands who came to pay homage might view it easily. Full

pontifical robes clothe the body and a golden miter of finest filigree is on the head. This picture was telephoned from Vatican City to London and radioed to America.

Resigns Because Grandmother A Jew

BUDAPEST, Hungary — Premier Bela Imredy announced today that he had resigned because his grandmother was a Jew.

His announcement, made at a government party conference a few hours after his resignation had been presented to and accepted by Admiral Nicholas de Horthy, caused

It was recalled that Imredy was author of recent anti-Jewish legislation even more severe in economic restrictions on Jews than the German Nazis' Nuremberg laws.

He told the conference that he had carefully checked his family tree and had discovered that one of his grandmothers, a Jewess, had been baptized in 1815 at the age of seven.

"This discovery forces me to announce my resignation," he said. His resignation also removed his cabinet from office.

His resignation came during a domestic crisis overlaying minority troubles, pressure from Nazi Germany, disputes over anti-Jewish policy and the nation's failure to get a larger slice of Czechoslovakia.

It was reported that count Paul Teleki, minister of agriculture would be chosen to form a new cabinet.

TO SOLICIT FUNDS

H. C. Wilson, Commander of the American Legion said today that a committee would call on business men shortly to solicit funds with which to pay for the neon signs which are to mark the route through the city for tourists.

Valentine Party
Miss Annie Frances Taylor, with Miss Rose Hodges, co-hostess entertained Tuesday night with a

The guests were met at the door and presented with a paper cap which was worn throughout the party and a balloon.

Several games and contests, appropriate for the occasion, were enjoyed.

The living-room was decorated using the Valentine motif. A large red Valentine box was opened and the hostesses gave out the Valentines.

Refreshments of heart shaped candy and cookies, ice cream and punch was served to the following guests by Misses Pauline and Hilda Taylor: Charlie Sample, Ella Thomas, Allen Kilgore, Norma Gray Turner and Frances Melvain.

Non-party guests were Mr. and Mrs. E. J. Taylor and Ralph Kilgore.

Cotton Notes

NEW YORK — Under the proposal of Sen. E. D. Smith, D., S. C., the National cotton acreage allotment will be fixed to yield a minimum of 11,000,000 bales annually.

The unsatisfactory dry goods situation and the approach of a new planting season indicate a temporary easier market, according to traders.

December consumption of Indian cotton was estimated by the New

275,000 bales, compared with 264,000 in the same month last year and 229,000 bales, two seasons ago.

Because mill stocks are said to be large, buyers in the cloth market are reported reluctant to accumulate goods.

FAMOUS RACEHORSE SOLD
LONDON — Papyrus, 1923 Derby winner, once valued at \$375,000, was sold at Newmarket for \$3,935.

Papyrus has earned \$450,000 in stud fees since 1923, when he crossed the Atlantic to race against the American champion Zev.

Curfew On Nuptial Ties

SPRINGFIELD, Mo. — Lloyd Miller, county recorder has announced he will issue no more marriage licenses after 11 P. M. His reason—"It's worse than being a country doctor. They think nothing of getting you up at three in the morning."

City Sells Bonds; Talbert Commissioner

Contracts To Be Let March 28th

JACKSON, Miss. — The State Highway Commission said today \$2,000,000 in road and bridge contracts would be awarded March 28.

Contracts totaling \$3,110,685, including 110 miles of hard-surfacing, several bridges costing \$264,322 and several miles of grading and drainage work were let yesterday. The projects included: State Highway 19 in Lauderdale and Newton counties; 17.9 miles of surfacing, \$256,582.

No. 8 Highway Contract Let

C. C. Moore Construction Co., Panama City, Fla., was awarded grade, drain and bridge work on the 6.1-mile stretch of Mississippi 8 in Grenada county on the Grenada-Calhoun City Highway, for \$136,325.20.

At the adjourned meeting of the City Council last night the \$30,000 issue of bonds for paving was sold to Lewis and Company of Jackson, who also bought the \$15,000 issue for the extension at the Hosiery factory.

The paving bonds sold at 3.25 and the hosiery factory bonds 3.00.

By a vote of 4 to 2 the aldermen relieved Street Commissioner Claud Hall and employed, for the place, J. M. Talbert on a monthly basis.

The city will advertise for bids to furnish a truck to be used by the street commissioner.

In the matter of the paving bonds for \$30,000, WPA aid in an equivalent amount is to be supplied.

Not using in excess of the \$15,000 an 8,000 square foot addition will be built to the hosiery mill.

Will Ed Boushe In Assessor's Race

Will Ed Boushe, the present tax assessor, will seek reelection at the hands of Grenada County's voters in the August primary.

In authorizing his announcement, Mr. Boushe said that he felt that he would be better qualified to serve because of his experience. It has often been said that "experience is the best teacher."

The records as prepared by him are neat, and the complaints seem to have been at a minimum regarding assessments.

One outstanding achievement, of which Mr. Boushe is very proud, is the fact that the State Tax Commission has always accepted without modification, the tax books as presented by him. In the other cases throughout the state, it is said that about three-fourths of the books have been returned for additional work and corrections.

Mr. Boushe is the type man who prefers 'the Right' in all things and is very considerate of his fellow man.

J. L. Elliott In Beat Five Race

J. L. Elliott, the present Supervisor from Beat Five has authorized the announcement of his candidacy for re-election. Mr. Elliott was elected in August 1936 and took over the duties, January 1937.

Since he went into office, fifty-eight miles of the 72 miles of road in his Beat has been graveled, the hard surface being about 6 inches deep. Six miles of the formerly graveled roads has been patched up and resurfaced.

Mr. Elliott is frequently referred to by those who are not residents of his beat as well as his constituents, for his outstanding accomplishments in building roads, and for his honesty.

A fair, thorough and impartial constituents, for his outstanding a second term is solicited.

C. D. Boushe In Race For J. P.

C. D. Boushe, who has served Beat One as Justice of the Peace, is asking for re-election subject to the will of the voters, in the August primary.

"Judge Boushe" as he is affectionately called by many of his friends, has for a great many years taken care of the minor judicial matters in Beat One, without the assistance of any other justice until recently when an aide was appointed.

He is known as a very kind and considerate man.

A fair and thorough consideration of his claims is asked in his behalf.

Grenada's Newest Highway Signs To Be Erected

GRENADA'S New Electric sign which will direct traffic from U. S. Highway 51 through the City is shown here in company with other signs at the factory. The arrow like signs are to be erected Thursday according to present plans, one near hosiery mill and the other at Cherry Street.

400,000 Acres Leased For Development

JACKSON, Miss. — The Federal Royalties Company of Houston, Texas, today was leased 400,000 acres, of State-owned land under Mississippi Sound for oil and gas development.

The lease provided payment to the state of \$10,000 for a cash bonus, an over-riding royalty of \$100,000 on each producing structure and an annual rental of \$4 an acre for each block of acreage selected for drilling. The drilling contract was for 15 months with an extension of the lease for five years if oil is found.

The company agreed to drill wells not less than 10,000 feet, to start geographical exploration within one month and to report on structural formations within six months. Federal Royalties also bound itself to start drilling within two months if favorable conditions were found and to drill all structures favorable to oil within five years.

In addition, the company obligated itself to "reasonable cooperation" in helping to locate a coastal survey in Mississippi if oil were found at the leased acreage.

Applications Being Received For 1939

Applications for emergency crop and feed loans for 1939 are now being received at Grenada, Miss., at the Court House by Norfleet S. Craig, Field Supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

The loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain credit from any other source. The money loaned will be limited to the farmer's immediate and actual cash needs for growing his 1939 crops or for the purchase of feed for livestock.

Farmers who can obtain the funds, they need from an individual production credit association, bank, or other concern are not eligible for crop and feed loans from the Emergency Crop and Feed Loan Section of the Farm Credit Administration. The loans will not be made to standard rehabilitation clients whose current needs are provided for by the Farm Security Administration, formerly known as the Resettlement Administration.

As in the past, farmers who obtain emergency crop and feed loans will give as security a first lien on the crop financed, or a first lien on the livestock to be fed if the money borrowed is to be used to produce or purchase feed for livestock.

Where loans are made to tenants, the landlords, or others having an interest in the crop, financed or the livestock to be fed, are required to waive their claims in favor of a lien to the Governor of the Farm Credit Administration until the loan is repaid.

Checks in payment of approved loans will be mailed from the Regional Emergency Crop and Feed Loan Office at Memphis, Tenn.

High Waters Menacing Wildlife

JACKSON, Miss. — High water stages are forcing wildlife from their habitat and challenging sportsmen to provide for them during this period.

Officials of the State Game and Fish Commission have urged sportsmen throughout the state to aid in protecting these animals by providing shelter in cases where such is possible, and by all means, putting out food for them.

Game wardens over the state are keeping in touch with the situation, and aiding in the work wherever it is found needed. They report that the situation is not as yet serious, but with continued rising waters, many animals will be forced to seek higher ground.

Contract Drafted For Oil Lease

JACKSON, Miss. — The State Mineral Lease Commission today drafted contracts for submission to oil interests seeking to lease state-owned lands under Mississippi sound.

A third bid, submitted by E. E. Cockrell, Houston, Texas, offered \$50,000 for a two-year lease with an option to extend the lease with \$26,000 for each additional six months. The state would retain one-eighth royalty.

The offer included no drilling provisions or guarantees and the commission withheld action pending completion of its "ideal" contract.

Desperate Fight To Save Boy, 10

JACKSON, Miss. — Major provisions of the present crop control law were approved today by 160 farmers from 16 counties.

They adopted resolutions endorsing recommendations of the farm bureau that the measure be retained with minor changes and that recognition be extended the goal of parity prices for cotton farmers.

Endorsement came after President Ransom E. Aldrich of the Mississippi Farm Bureau Federation described a price-fixing proposal before congress as the "most dangerous piece of legislation for farmers ever introduced." He said farmers should have more money "to make the present farm program work as it should work and to obtain parity prices for farm products."

Box Seats For The Mardi Gras

A limited number of box seats are available for Mardi Gras Ball observations are made before 11:00 p.m. night, price \$1.00. Call for tickets at the box office after Thursday night.

RESCUE MEN FROM TANKER

CHATHAM, Mass. — The last 20 officers and seamen of the wrecked tank ship Lightburne blundered to safety down rope ladders onto the deck of the Coast Guard Cutter Campbell, which had maneuvered alongside in a fog and strong wind, at 2:35 a. m. today, only a few minutes before the tanker broke to pieces.

Sixteen members of the crew had been taken off earlier aboard a Coast Guard Surfboat, and landed at Block Island. The final rescue was completed without a casualty, while the grounded, battered tanker tossed heavily, threatening at every moment to collapse and to swamp the Coast Guard Cutter alongside.

Charlie Worsham For Circuit Clerk

Charlie Worsam, a resident of Beat Two, who was born and reared near Gore Springs has authorized his announcement for Circuit Clerk in the August primary.

Mr. Worsham who was born on a farm has assisted with road work in Beat Two for the past several years. He finished High School at the Gore Springs Sch.

In authorizing his announcement, Mr. Worsham said:

"In my race for circuit clerk, in 1935 time did not permit me to see everybody, and I wish to thank those loyal friends who aided in giving the splendid vote that I received at that time.

"In this campaign it is my intention to make a thorough canvass and see as nearly as possible all the voters. If conditions of any nature whatever prevent me from seeing anyone, please be assured it will be unavoidable on my part."

Mr. Worsham is an energetic cheerful and likable kind of fellow. A fair and impartial inside ration of his candidacy is asked.

Warns Against Illegal Seed

Potato growers of the state are being advised by the State Plant Board not to purchase uncertified Irish potatoes for seed purposes. On account of heavy losses suffered by growers, who planted uncertified seed in 1937, the Plant Board that year adopted a regulation prohibiting the sale of such seed in Mississippi.

All buyers are urged to look for the state certified tag, on the bags and to report to the State Plant Board at State College when any uncertified potatoes are offered as seed.

Numerous tests in Mississippi have shown that certified seed produce much better yields and that the potatoes are of a superior quality.

"No Fishing" Signs To Adorn All Lakes

JACKSON, Miss. — "No Fishing" signs will adorn all lakes and streams in Mississippi during March and April insofar as game fish are concerned.

Director St. Corley of the State Game and Fish Commission, has called attention to the regulations which prohibits fishing during the two-month period, March and April. The closed season on game fish is during spawning period.

The same rule applies to commercial fish, except in navigable streams.

"Trot lines and set hooks will be allowed in all running streams, however, for the taking of catfish during the period which is closed to game fish," Director Corley said.

To Hold Public Hearing Feb. 21st

JACKSON, Miss. — A public hearing to determine the open and closed seasons for hunting, fishing and trapping will be held Feb. 21 by the State Game and Fish Commission at its headquarters on the corner of Pearl and South Congress streets in Jackson.

Notice of the commission was issued by Director St. Corley and Secretary Ben M. Stevens, commissioner of Rights.

Each year, the commission conducts similar hearings to ascertain the suggestions of sportsmen.

K. K. K. Flares In News Again

ATLANTA, GA. — A bill aimed at driving the once-powerful Ku Klux Klan from its last stronghold, Georgia, awaited consideration today in the State House of Representatives.

The bill was introduced by Rep. J. B. Davis of Newman after the Klan staged a downtown invitation which terrified citizens though was an abduction of the type that made the headed organization the object of criticism 15 years ago.

Davis' bill would make it a misdemeanor to wear a mask, hood or regalia for the purpose of concealing identity. Its literal provision would even prohibit persons over 14 from wearing Santa Claus or Halloween costumes.

Davis said the bill was aimed directly at the Klan, which he said had "brought shame and disgrace to the whole South."

"It is a disgrace to permit the hooded hoodlums of the Klan to appear in public," Davis added. "If we can keep the masks off these men we can identify them. Then our courts can arrest and convict them."

Hiram Wesley Evans, imperial head of the long-dormant but lately resurgent Klan, is a self-styled asphalt "promoter" who sells paving materials to the state. Called before a legislative committee investigation state expenses, Evans testified he had sold asphalt to the Highway Department and also received "promotional" fees from three competing companies when they sold the product to the state.

He said he also "promoted" asphalt sales in other southern states, but declined to reveal the workings of the business, saying they were a "trade secret." He denied that his work included contacts with anyone connected with "the highway department, the executive offices of any public officer."

Evans is a Lieutenant Colonel on the state of Gov. E. D. Rivers, who Evans described in a current magazine article as an officer of the Klan.

Rivers, asked about the statement, said he had no present Klan affiliation "and there is no Klan issue in Georgia." He added he appointed "prominent Jews, prominent Catholics and reputedly prominent Klansmen" to his staff.

Spray Time, Says State Plant Board

STATE COLLEGE, Miss. — Growers of peaches, and apples are being urged by Inspector N. L. Douglas, of the State Plant Board at Grenada, to give their trees a thorough, dormant spray at this time to kill San Jose scale, the most destructive pest of orchards in the South. Many thousands of young trees are killed each year by this pest, says Mr. Douglas.

The spray recommended is a three per cent oil emulsion made by mixing one gallon of government formula oil emulsion with twenty gallons of water. This cheap and efficient spray should be applied before buds begin bursting and one thorough application is usually sufficient. The spraying should always be done in clear weather when the temperature is above freezing. Commercial lime sulphur solutions at the rate of one gallon to seven gallons of water may be used, but it is more expensive, disagreeable to handle, and is less effective than the oil emulsion.

If peach leaf curl was abundant in the orchard the past year, lime sulphur spray applied for scale will also control this disease, or, if preferred, the oil emulsion spray may be used, mixing the gallon of oil emulsion in 15 gallons of Bordeaux mixture instead of 20 gallons of water.

For full directions about making sprays, or for lists of dealers selling spray materials, write the State Plant Board, State College, Mississippi.

ATTENTION HOME DEM. NUTRITION LEADERS

(By Lottie Wood H. D. Agent) The Nutrition Leaders meeting will be changed from Feb. 14 to Feb. 15. This meeting will be held in the Home Demonstration Kitchen in the Agricultural Building Miss See Rice, from the Wheat Flour Institute in Louisville, Ky., will give a baking demonstration. Every leader should make a special effort to be present. Your class is depending on you to be present.

Crop Control Law Approved

JACKSON, Miss. — A fast dwindling supply of serum was used at the State Charity Hospital today in a desperate fight to save a 10-year-old boy stricken with spinal meningitis.

The sixth victim of the disease, a negro boy, died at the hospital Sunday night.

Legal Publication

Jackson, Mississippi, January 31, 1939. To the Board of Supervisors, Grenada County, Grenada Mississippi. Gentlemen:

Pursuant to and in accordance with the provisions of Article 2, Chapter 84, Code of 1930 as amended by Chapter 157, General Laws of 1938, we have made an audit of the books and records of your county for the periods and in such detail as is shown by the schedules and statements submitted here with in our report.

The scope of this examination included an inspection of all claims allowed as shown by the minutes of your board, and all warrants issued were checked against the register of disbursements and the distribution of expenses to the proper accounts was noted. All receipts were traced to the depository accounts and these accounts were reconciled with the county depository. The audit likewise included an examination of the records of the sheriff and tax collector and superintendent of education, comments on these offices being noted elsewhere in this report.

The various schedules and statements making up this report exhibit much vital information with respect to your county's financial status and past years' operations. It will be observed that the arrangement of the schedules and statements is such as to enable you to reach certain satisfactory conclusions with little or no difficulty, but our comments hereinafter set forth are designed to assist you in intelligently studying the contents of this report in part or in whole.

BALANCE SHEET: The balance sheet on page one, in our opinion, reflects the financial position of your county at September 30, 1938, subject to the qualifications hereinafter noted.

Your cash balance at September 30, 1938, amounted to \$42,778.59, which is a reduction of \$6,067.83 as compared with the cash balance at September 30, 1936. A detail analysis of the amount, showing the balance on deposit for the various funds is shown on Schedule 3. The balance of \$42,778.59 is composed of \$34,140.87 for bond retirement purposes, \$325.74 in trust funds, \$13,312.26 for school operations, \$1,610.31 for road maintenance, \$1,200.00 earmarked for the cold storage project, and \$2,289.41 for general county purposes. The general county fund and all road maintenance funds, with the exception of beat five, are in very poor condition. At the October 1938 meeting of your board it was necessary to reject or continue claims other than for roads aggregating \$6,408.96 due to lack of funds. A detail list of these claims will be found on Schedule 15.

Several substantial changes have been made in your capital accounts. The value of school buildings and grounds were increased \$25,055.69 of which \$23,588.58 was donated by the WPA. Your agricultural building has been capitalized at \$13,466.24 of which \$12,940.96 was donated by the WPA. Your cold storage project valued at \$3,507.16 on your balance sheet at September 30, 1936, was later increased to a value of \$5,344.41 at which figure it was charged off your records due to the fact that you transferred title of the plant to the State of Mississippi.

An audit of your notes receivable due sixteenth section funds disclosed notes with a face value of \$22,466.25, or an increase of \$9,440.87 over amount of \$16,025.38 shown on your records. We have, therefore, adjusted your records accordingly, and these notes are shown in detail on Schedule 5.

A detail list of bonds owned amounting to \$12,500 is shown on Schedule 6. These securities have been increased \$1,000.00 during the period covered by this examination.

Your notes payable amounting to \$12,533.34 have changed very little from \$11,200.00 in your general county loan warrants and \$1,333.34 is for Holcomb School loan warrants. It will be necessary to increase your loan warrant account if the indebtedness of your county for general county purposes is paid in accordance with the legal requirements inasmuch as the statutes prohibit you from paying from your present year's revenue the \$13,469.56 in accounts for road and bridge and general county purposes which you were unable to meet at your October 1938 meeting.

During the period under review your bonded indebtedness was reduced \$93,700.00, leaving an outstanding balance at September 30, 1938, of \$494,000.00. Schedules 8 and 9 present information which is of vital importance with respect to your bonded indebtedness.

The surplus account of \$779,859.59 represents the excess of the book value of assets over liabilities and such changes affecting this account during the period are shown in the analysis on Schedule 17.

RECEIPTS AND DISBURSEMENTS: On pages 2 to 2c, inclusive, will be found a detailed statement of cash receipts and disbursements for the two year period beginning October 1, 1936 to September 30, 1938. This statement shows the source of your income and the amount expended for each general class of governmental expenses.

Your total receipts for the two years covered by this examination compare favorably with those of prior years though there was a net decline of \$31,357.74 in revenue receipts for the fiscal year 1937-38 as compared with the year 1936-37. The accounts affected most are as follows:

Source of Revenue	Decrease
Bond Sinking	\$7,006.99
Loan Warrant	2,087.42
Back Taxes	8,263.32
Land Redemption	6,136.24
State Appropriation for Schools	8,095.39

For your convenience and information a comparative analysis of revenue receipts and expenses for the period under review is presented below.

REVENUE:	1936-37	Percent of	1937-38	Percent of
Direct Taxation	\$190,922.22	71.87	\$167,812.64	72.77
State Appropriation for Schools	30,980.62	12.81	22,945.23	9.95
Gasoline Excise Tax	86,940.81	14.40	36,824.81	15.88
Other Sources	5,580.26	1.42	3,257.20	1.40
Total Revenue	\$253,723.51	100.00	\$230,819.97	100.00

EXPENSES:	1936-37	Percent of	1937-38	Percent of
Administrative & Salary	\$22,104.26	8.78	\$21,161.97	9.17
Judicial	4,909.08	1.95	4,328.85	1.95
Health & Sanitation	905.45	.40	1,277.82	.54
Highway Maintenance	69,599.23	23.67	55,955.32	24.25
Charities & Corrections	8,018.43	3.19	8,776.63	3.72
Education	67,106.60	26.66	71,781.60	31.10
Interest on Bonds, Etc.	33,417.36	13.28	29,342.03	12.72
Total Expenses	\$196,160.61	77.95	\$192,657.31	83.45
Gain on Operations	56,572.90	22.07	38,062.66	16.55
Total	\$253,723.51	100.00	\$230,819.97	100.00

Gross Receipts Direct Taxation	1936-37	1937-38
	\$190,922.22	\$167,812.64
Less, Refunds	1,915.66	1,620.19
	\$189,006.56	\$166,192.45

Shown on Schedule 10 is a comparative analysis of your court-house expense. We again particular direct your attention to the item of telephone and telegraph expense which has continued to increase since our prior examination, and at present averages in excess of \$50.00 per month for the two years period ending September 30, 1938.

Schedule 10 also reveals that for the fiscal year ending September 30, 1937, you spent the sum of \$1,731.70 for disinfectants, this amount for one year being in excess of the total spent during the entire prior four year period covered by our last audit. During the fiscal year ending September 30, 1938, you paid \$746.36 for disinfectants, but we found on your claim books, unpaid accounts for disinfectants in amount of \$855.26 which, if valid, will increase this cost to \$1,601.64 for the year just ended. It will be noted that this particular item of expense has cost your county approximately \$4.50 per day for the two years covered by this report. Whether or not your premises require such amounts of disinfectants to maintain them in sanitary condition, we are not qualified to say. However, it might be suggested that you consider the matter of a thorough renovation in order to eliminate a large part of this expense.

BOARD MAINTENANCE COSTS: Your attention is directed to Schedules 12 and 13 presenting an analysis of road costs for the fiscal year 1936-37 and 1937-38 which shows the principal items of cost for each district together with the

average maintenance cost per mile for each district. Also included in Schedule 13 is an analysis by districts of claims which were entered but unpaid at the close of the fiscal year ending September 30, 1938. From this schedule it will be noted that the outstanding claims of 1, 2, 3 and 4 aggregate \$5,941.51 and which increases the average cost per mile for districts concerned, this increase being approximately 20 percent in Beat 3. This schedule brings to your attention the extent to which your present revenue is falling short of your actual requirements in order that you may take such action as is necessary to curtail your expenses and thereby extricate your county from these untenable circumstances.

It is a difficult task to compile a comparative analysis of road maintenance costs which would be absolutely fair to all districts as there are factors influencing costs, over which you have no control, the figures pertaining thereto being practically impossible to segregate. For example, beat one lost some valuable bridges by fire and the replacement costs were included in the maintenance cost, and beat five more than twenty miles of road have been improved from dirt to gravel. No effort was made at the time to segregate these expenditures from your regular maintenance costs and it is now impossible to do so. In addition thereto, the WPA has furnished a large amount of labor and material on which it is impossible for us to compile figures as they are not available. In the preparation of such a schedule it would also be necessary to take into consideration the yardage of gravel and the distance it was hauled, and also the amount of work done on roads which could by its nature be construed as construction rather than maintenance. Inasmuch as you have provided no records from which satisfactory results can be obtained, we must confine our schedule to figures from the records in the office of your chancery clerk.

During the course of this examination an itemized schedule of gas, oil, and grease purchases was compiled but this schedule is not included in this report because of its volume. This analysis revealed that purchases of all petroleum products for beat one were made at contract prices. The petroleum purchases for beat two were made at contract prices except for a very few instances. The fact is recognized that beat two has 143 miles of country roads and, due to the risks of fire, theft and sabotage, it would not necessarily be good business to establish county tanks in remote points, therefore making occasional emergency purchases of small amounts of petroleum products necessary. Beat three made purchases of gas at retail prices from Weir's Service Station and Brown's Cash Store, but the amounts so purchased constituted a very small percent of the total used and could not be construed as favoring these vendors at the expense of the county. In beat four, however, a large part of the purchases of gasoline were made at retail prices without regard to the legal requirements or the welfare of the district. Of a total of 3,904 gallons of gasoline purchased during the fiscal year ending September 30, 1938, 3,048 gallons were bought at retail prices. All oil for beat four was bought either from the Labro Company at a contract price of 98 cents per gallon or from retail stations at retail prices. The following recapitulation of purchases of petroleum products for beat four should be noted.

	Gallons of Gasoline	Gallons of Oil	Gallons of Fuel	Pounds of Grease
Claims Paid 10-1-37 to 9-30-38	3,904	385	1,155	2,465
Claims Unpaid at 9-30-38	90	290	165	2,194
Totals	3,994	675	1,320	4,659

From the above it is readily seen that this district purchased more than a pound of grease for each gallon of gasoline. Fifteen hundred pounds of this grease was bought from the Municipal Supply Company, Memphis Tennessee, a concern which did not enter beat bid in January, 1938, as required by law. This grease was bought at a price of 19 cents per pound, and no emergency could have existed as the grease was still on hand unused upon completion of this report in December of 1938. On these purchases your county has paid the sum of \$291.45, to which we take exception and demand that refund of this amount be made to the county.

In beat five, all petroleum products were bought on contract at contract prices from major oil companies through their local distributors.

It was noted during the period under review that all districts, with the exception of beat five have from time to time made purchases on contract of oils and greases from the Labro Company, the dates of the invoices differing considerably from the date of shipment. This practice should be avoided for the reason that the checking of these shipments consumes considerable time which increases your auditing cost, and also for the reason that it tends to the falsification of records.

During this examination we noted a number of allowances amounting to \$322.30 made to one Will Hendrix whom we were informed is related to a member of the Board of Supervisors. In the absence of complete evidence in the matter, our legal department advises that no exception can be made in this case. The schedule covering these allowances is being filed in our office for future reference.

Schedules 14 and 15 present an itemized list of claims which you failed to pay at your October 1938 meeting. We wish to call your attention to the fact that the law does not permit you to pay claims of a prior year from your current year's revenue.

SHERIFF AND TAX COLLECTOR:

A careful examination was made of the records in this office covering the collection of taxes from the rolls of 1935-36, 1936-37, and 1937-38. The charges were set up from the rolls of the tax assessor and the minutes of your board as shown in Schedules 19, 20, and 21. The tax receipts were added and traced to the cash book and from there to the county depository. Schedule 18 reveals that during the three years covered by this report the tax collector paid the state and county depositories \$18.71 in excess of all charges. The records in this office were found to be exceptionally neat and accurate, which condition facilitated our examination.

SUPERINTENDENT OF EDUCATION:

The records of this office were inspected for compliance with laws governing budgeted expenditure and checked against the records of the chancery clerk for accuracy. All vouchers supporting allowances of your board were properly filed and accounted for. The records kept by the superintendent of education are in excess of those required by law and they are neat, accurate and complete in every respect. The fund accounts are reconciled monthly with the records of the Chancery Clerk. The records in this office provide information relative to the present status and the future requirements for educational purposes.

On Schedule 22 is a comparison of school budgets and expenditures covering the school years 1936-37 and 1937-38 which shows that the school expenses have been kept within the budget as required by law.

Schedule 23 shows the percentages of educable children within the county and the municipality of Grenada, and on this basis is computed the amount of \$1,482.40 due Grenada County by the City of Grenada as shown on Schedule 24.

EXCEPTIONS: On Schedule 16 is listed a number of items allowed by your board to which we have taken exception as being erroneous or illegal.

Items one and two, covering payment of premiums on deputation surety bonds from county funds, have been refunded by the proper officials.

Item three represents excessive salary payment to the tax assessor for year in which the personally roll only was compiled. It is due only to a legal technicality that exception has been made in this case as we are of the opinion that there was no intent to defraud on the part of this official. The tax assessor has paid all clerical assistants from his own personal funds whereas, had bills been properly rendered to cover the services of these clerical assistants he would have been entitled to more compensation than was received. Due to the manner in which his bills have been prepared, he has actually drawn less salary than tax assessors in counties of a lower class than Grenada. This item to which we have taken exception has been refunded to the county on received warrant number 1740.

Due to an erroneous agreement between Grenada County and the City of Grenada, the municipality has been paying only \$900.00 per year of the salary of the county superintendent of education. The statutes governing provide that the salary of this official shall be distributed on a basis and in proportion to the number of educable children in the municipal and county districts. Therefore, the City of Grenada was indebted to Grenada County on September 30, 1938, in the sum of \$1,482.40, which amount has since been paid into the county depository on receive warrant number 1741.

Items five, six and seven represent payments to Municipal Supply Company for purchases of grease for district four on which there was no contract.

CONCLUSION:

During the course of this examination we made an installation of a new accounting system in the office of your chancery clerk which will enable him to provide you with much more detailed information as to sources of revenue and analysis of expenses. In addition to the important information it will provide we believe it will be the means of lowering the cost of future audits.

We wish to express our appreciation to the county officials and their employees for the many courtesies and assistance rendered our representative during the course of this audit, and to commend them for the splendid manner in which their records were kept. If we can be of further service to you, please call on us.

Respectfully submitted,
STATE ACCOUNTING DEPARTMENT,
CARL N. CRAIG, CHIEF INSPECTOR.
By Milton M. Batson, C. P. A.
Assistant Chief Inspector.

The American View—

It has been thought that America is a country that does not tolerate special privileges. Yet a number of special privileges are being granted.

One outstanding example of special privileges, is the license or franchise plan for carriers that use the highways. A monopoly on the use of them is given to one party or corporation while others are restricted or forbidden from using them.

At present two bus lines operate to some extent over Highway 51. One has the right to take passengers at any point in North Mississippi and discharge them at any other point. The other must keep its doors closed, so far as loading or unloading is concerned, between Jackson and the state line. This must be done regardless of how convenient the service would be for those who live here or elsewhere.

It would seem more like the good old American way of doing things if the rights were equal, and the public allowed to use a convenience which is kept behind the legally closed doors of one set of buses.

CONCERT

By Clarksdale High School Band under direction of Simon Kooyman
Grenada High School, Thursday 7:30 P. M.

Program

1. EURYANTHE, overture C. M. von Weber
This number, deservedly one of Weber's most popular overtures is as brilliant and up to date as if it was written last year instead of more than a hundred years ago (1st performance 1823)
2. CAPRICE ITALIEN P. I. Tchaikowsky
You might say that the performance of this number at this time is surely international; it is purely Italian music, composed by a Russian, played by American youngsters, under direction of a son of Holland, a Dutchman so to speak.
3. STAR DUST Carmichael-Yoder
Although a popular number, this piece undoubtedly will enjoy a longer life than most popular compositions.
4. BELLS ACROSS THE MEADOWS A. W. Ketelby
This fine composition by the popular English composer, features the chiming in a characteristic and interesting manner.
5. BALLAD AN FINALE Simon Kooyman
This latest composition by Mr. Kooyman, played for the first time has been especially written for tonight's soloist, Margaret Kirkpatrick, one of Mississippi's outstanding young pianists, and who has been a member of the Clarksdale band for several years.
6. THE GRASS IS JUST AS GREEN L. S. Roberts
A Humoresque for the band, this air speaks for itself. The composer has been influenced by the grand old tune: Farmer in the Dell
7. MAGNOLIA, solo for alto saxophone Simon Kooyman
The soloist, Josephine Powers has been a member of the band for ten years. Accompanist Margaret Kirkpatrick.
8. THE HUMAN XYLOPHONE, a humorous sketch.
9. HEADLINES, a Modern Rhapsody Carleton Colby
This composition, an impressionistic reflection of the violent pace of modern life, resounds in modern musical idiom the rhythm of daily human struggle, grinding out HEADLINES.
HEADLINES of war, fire, earthquake; HEADLINES of scandal, or murder, life, love, religion, death; HEADLINES of humanity's never ceasing conflict with itself. HEADLINES—THE RHYTHM OF LIFE.
10. ONWARD C. H. S. Clarksdale school song Simon Kooyman

House May Approve Emergency Program

WASHINGTON — The House may approve President Roosevelt's emergency national defense program today by passing a \$376,000,000 armaments bill. Leaders anticipated an overwhelmingly affirmative vote.

The only major controversy was expected on a Republican amendment to spread the purchase of 8,000 new planes for the army over a three year period. As reported out by the Military Affairs committee, fighting plane power would be increased immediately from 2,320 to 5,500 planes.

The six hours allotted for general debate will be concluded early this afternoon. Reading of the bill for amendments will begin at once and a final vote probably will be taken before adjournment.

Debate on the length of time during which 8,000 planes should be added to the air force was the only point that might delay a vote until tomorrow. The Republican's special national defense committee, headed by Rep. James W. Wadsworth, R. N. Y., has agreed to all other provisions which include authorization for bolstering Panama Canal defenses, training of civilian pilots in college, and universities and for placement of "educational"

orders with industry for military material.

Republican House members contend that by purchasing 1,000 planes a year for three years, greater economy and less chance of obsolescence would be possible.

During three hours of debate yesterday, only scattered Republican criticism of the administration's program was heard.

Rep. Paul W. Shafer, R. Mich., charged that the bill was "just another cry of wolf" and asserted "we should find some way of preventing high officials of this government from going forth and preaching the doctrine of hate and inviting world disaster."

Rep. Leslie Arends, R. Ill., demanded to know why the Military Affairs committee did not summon plane manufacturers and assistant secretary of war Louis Johnson in its hearing on the bill.

In general, Republican speeches adhered to the tone of the declarations of Alfred M. Landon, G. O. P., presidential candidate in 1936, who said in a speech at Lima, Peru, last December that the United States stood united against aggression.

Association Minutes Wanted

The Mississippi Baptist Historical Society has asked for copies of

Grenada County Association minutes for the years 1928, 1931, 1932, 1933, 1934, 1937.

Do you have any of these and will you give them?

This Society offers to keep all old church record books in a fire proof vault. These books remain the property of the church and are placed for safe keeping only. They may be had any time the church wants them.

Please mail any of the above minutes you wish to give with information about old church records to, Mrs. John Rundle, Grenada, Miss.

BEN BROWN BUILDING TO BE OCCUPIED SOON

The Ben Brown Building, facing the square, is to be occupied at an early date to be learned from M. Finkelstein, lessee of the building.

Mr. Finkelstein said his operating headquarters were in New York City.

CARD OF THANKS

I want to thank Dr. Avent and Dr. Hill, all the nurses, Mrs. Morgan and every one at the hospital for all you did for me, and the many kindnesses shown me while at the hospital.

The prayers, all the lovely flowers and calls helped me so much and I appreciate them from the bottom of my heart. May God bless each of you.

Mrs. Louis Weir.

Submerged City To Be Explored

DETROIT — Plans for a 100-day expedition to photograph the "sunken city" of St. James off the island of St. Christopher, are virtually complete.

Robert Hall, 38-year-old Detroit and wealthy soldier-of-fortune, will head a 26-man expedition to the coast of the Caribbean island. Included in the party are professional men and four university students. Frank Picard, a professional navigator, will serve as first mate under Hall on the expedition's schooner, Doris Hamlin. Picard once was first mate of Walter Wanderwell's yacht Carma when it cruised the Pacific in 1932. Picard resigned only eight days before Wanderwell was slain aboard the craft.

Purpose of the Caribbean expedition, according to Hall, is to photograph the ruins of the city of St. James, which was destroyed by volcanic eruption in 1630 and has since defied photographers. The city lies under water.

Hall's expedition will carry diving equipment and underwater cameras. Since all attempts to photograph it from the surface have failed, Hall hopes to attack it from the ocean floor. Two professional divers are members of the expedition.

Hall said he expects to set out from Miami, Fla., this month.

NOTICE

To Dealers in Road Machinery: You are invited to submit bids to sell and deliver to Beat Three Separate Road Districts of Grenada County, Mississippi, one 8 foot leaning wheel pneumatic tired grader, said bids to be submitted on or before noon on the first Monday in March, 1939, and the board reserving the right to reject any and all bids.

This February 8, 1939.

J. P. PRESSGROVE, Clerk.

2-9, 16, 23-St.

Child's Letter Wins Prize Dog

NEW ORLEANS — A blue eyed girl has finished making a home for her new pet, Laddy of Alysbury, a Sealyham puppy sent to

New Orleans by Janet Gaynor of picture fame.

Five-year-old Maryem Folkes was given Laddy by a judging group of three men when she scrawled a letter to them explaining what a good home she could give the dog.

The letter follows:

"Dear Laddy of Alysbury: My daddy says you are looking for a playmate. So am I. He says you are looking for a home. There is room enough for both of us at my house why don't you come and live with me. I have a lot of dolls and a Donald Duck but dolls can't jump and play and Donald Duck is just made of cloth and I have to squash his stomach to make him say quack. I think you will like our house. It is nice and sunny and we have a backyard to play and on bad boys can tie cans on your tail and best of all there is another puppy that looks like you on the other side of the fence for you to play with when if you get tired of me.

Your little friend,
Maryem Folkes."

When the dog arrived, Maryem was so busy cleaning out her doll house to make a home for her new friend that she had to cancel her 7:30 meeting with her next door friend.

NEBRASKA RELIEF RATIO

NEARLY ONE IN FIVE

LINCOLN, Neb. — Nearly one in five receives or shares in some form of public assistance in Nebraska, Dr. R. V. Shumate, research director of the state legislative council, disclosed in a survey submitted to the council.

He estimated approximately 250,000 Nebraskans receive public aid and placed the cost of public aid for the fiscal year entered last June 30 at \$35,638,946 — nearly one-fourth of the cost of all government in the state.

Dr. Shumate, a University of Nebraska political science professor, observed that the outlay for public assistance in Nebraska, as in other states, was increasing.

BROADWAY DRAMA PUT ON RECORD FOR BLIND

NEW YORK — A Broadway play has been recorded as a "talking book" for the nation's blind. The American Foundation for the Blind announced that Thornton Wilder's "Our Town" has been recorded completely on discs to be played on special reading machines which the blind can easily control by touch.

The play is especially well adapted for sightless listeners, since it was staged without scenery. A narrator injects descriptive interludes before each scene and explains such visual aspects and action as the action does not cover.

Folse Protests

JACKSON, Miss. — Chairman Joseph Folse of the Mississippi Planning Commission today protested alleged dumping of duty-free Sago and Tapioca starch from the Netherlands.

He said in telegrams to Sens. Pat Harrison and Theodore Bilbo that the State's chemurgic industrial program was threatened by the starches produced by "pauper labor."

Pearls Hide Oyster Man

STRATFORD, Conn. — Capt. William H. Rowland has handled millions of oysters in his 53 years as skipper of an oyster dredge, but never once has he found a pearl. "I've come to the belief," he said, "that there's not much truth in the story that you find pearls in oysters—or, maybe I'm unlucky."

Notice From Tax Assessor

If you bought a car tag but did not own a car on January 1st. Please notify the Tax Assessor so you will not be assessed for same. This will save you inconvenience and perhaps embarrassment as equalization board goes over tag sale each year.

W. E. BOUSHE

Tax Assessor.

YAWNING SPANS 6 DAYS

THE SUDDENLY CEASES

TAMPA, Fla. — For six days during his waking hours, life was just one big yawn after another for G. W. Lope, Tampa landscape architect.

From the time he woke up one morning and began yawning incessantly until the affliction ceased, Lope figured he yawned about 3,500 times — and "I never got sleepy once," he said.

Lope placed himself in the care of a physician, who correctly predicted the yawning marathon would stop as mysteriously as it began.

CLOTHES TAKE FORTUNE,

ONLY WAR PENSION LEFT

LONDON — An ex-Guards officer, who once occupied the imperial suite at Claridge's, London's smartest hotel, now lives alone in a tiny cottage near Kendal on his war pension of \$2 a week.

He is Edward Henry Smith-Wilkinson, who was known 15 years ago as the husband of the "best dressed woman in the world."

Mrs. Smith-Wilkinson spent as much as \$50,000 a year on dresses before her husband's fortune was exhausted.

Negro Lawyer Attacks AAA

JACKSON, Miss. — The constitutionality of the cotton marketing quota act of 1938 was attacked today by S. D. Redmond, negro attorney and land owner.

In a suit filed in Federal Court Redmond sought \$21,209 damage for alleged "discriminations" in administration of the cotton adjustment act, and through enforcement of a 70.1 per cent reduction in cotton acreage under his control.

LOCAL NEWS

Officers of T. E. L. Class Hold Meeting

Officers of the T. E. L. Sunday School Class of the First Baptist Church held their regular monthly meeting with their Secretary, Mrs. J. D. Dyre, at her lovely home on South Street Wednesday afternoon with eleven present. Mrs. C. E. Lockett led the Devotional, her theme being "Prayer."

The class President, Mrs. Sam Simmons, presided over the business session, which was followed by a social period.

The hostess served dainty refreshments consisting of sandwiches, iced nuts, candy and Coca-Cola.

Two Grenada Girls In Program

M. S. C. W., COLUMBUS, Miss. — Miss Emma Karl Juchheim, violinist, and Miss Nancy Nelson Granberry, trumpeter, both of Grenada, were participants in a very unusual program composed of piano, organ, violin, and vocal numbers given by the Department of Music at Mississippi State College for Women this week. Miss Juchheim and Miss Granberry played in several groups, including the chamber orchestra.

The program was of special interest because it was made up of modern German composers. The chamber orchestra under the direction of Theodore Russell, director of Music at M. S. C. W., was a special feature of the program.

Birthday Party

Mrs. W. R. Joiner entertained last night with a six o'clock dinner in honor of her son, Fred's 19th birthday.

Several close friends attended. After the dinner games were enjoyed until a late hour.

Ann Neely, of M. S. C. W., Queen of Mardi Gras, will arrive Friday for the very auspicious occasion. The Mardi Gras Ball and will have as her guest for this important event, Miss Patay Carney, of Meridian, Miss Evelyn Bridges, of Orysa, and Miss Tamora Spann, of Ole Miss.

Friday, 17th Big Day for Grenada—Mardi Gras Ball.

Mrs. Kate Claughton, who is one of the owners of the Belmont Cafe, underwent an operation for appendicitis at Grenada Hospital Friday and is getting along nicely.

It Will Be a Pleasure To Serve You
Mrs. S. L. Pipkin, Manager

20th Century Club

The 20th Century Club was entertained Tuesday, February 7, in the subject for study was "New Methods for Old."

Mrs. John Rundle gave "The New Deal Reporter Plan." Her statements were instructive and most interesting. The plan, as given in the report, was, "A director and eleven representatives in each state and county, a discussion group in every precinct, and a forum in every community." This plan exposes the facts, needs, and possibilities of State, County, Precinct, and Community.

Mrs. J. N. McClintock, whose assignment was "The State Planning Commission" surprised and delighted the club by having Mr. L. J. Folse, of Jackson, executive director of the state planning commission, address the club. Mr. Folse had maps, charts, and interesting data of Mississippi industry, rural electrification, soil erosion, education, child labor, zoning advantages, etc. He showed us that we labor under many disadvantages, but ably pointed out many things to our advantage and future glory. "The South must," said Mr. Folse, "take advantage of every opportunity for advancement and betterment." We can't rest on traditions. We must rise up and through wise planning build a bigger and better Southland. He charged the Southern women interested in a new South, "to fight for it, the main fight being to elect to office statesmen interested in people and progress, rather than elect the cheap politician who exploits humanity and fails to keep his official vows because it fills his own pocketbook."

With Mr. Folse was Mr. Chalmers Alexander, with the Mississippi Park Service, whose office also is in Jackson. He made a very brief statement following up ideas as advanced by Mr. Folse. The club was very fortunate in having these two gentlemen present, and thanked Mrs. McClintock for securing their services. Benton Keeton, talented son of the hostess, played two beautiful numbers on the baritone horn; "Con Amore" (with my love) by Paul Seamount, and "Let 'Em Go!" by Will Wood. He was accompanied at the piano by his mother.

At the conclusion of the program, the hostesses served delicious date pudding, with coffee and nuts.

There were twenty-one members present, and two visitors, Miss Mary Hall, house guest of Mrs. J. B. Perry, and Mrs. C. C. Province.

Little Miss Lillian York and Jean Scott Burt left Saturday for Memphis to spend the week-end with Miss Mary Elizabeth Grinter.

Mrs. Bob Townes entertained her bridge club today.

Mr. Sam Simmons went to Jackson Tuesday and attended a retail lumbermen's convention. He returned home Thursday.

All Circles of the Woman's Missionary Society will meet at the First Baptist Church Monday afternoon at 3:00 o'clock. Mrs. John Rundle, leader.

Miss Margaret R. Clark and Mr. John R. Deaton, of Batesville, were married February 6 at the home of Rev. E. R. Henderson by Rev. Henderson.

R. G. Meeting

We can truly say that "a good time was had by all" at the novelty valentine meeting held at Nina Mac Clark's home Saturday night. Mary Douglas Honeycutt won the prize for being able to make the most words out of the word "Valentine." Sue Vandiver, a visitor at the club, won a prize for being able to match all the great lovers. And if you think that's easy, try writing down the "women" in the lives of Isaac, Gabriel, and Paris, and a few others. Louise McCaslin and Joyce Matthews both received prizes for tying for first place in the third contest, which consisted of forming a lover's vocabulary out of such jumbled up words as "palsprose," "Winged Singr," and "Elvo L street." So you see, there is really plenty of hidden knowledge and ability in that club. (In fact, it is only too well hidden at times!)

After the games, the girls enjoyed a most delightful Brunswick stew supper. Finding that recreation was necessary after the overtaxing their brains had received in the contests, they settled down to enjoy a few games of Chinese checkers.

Henson-Vickery

Mr. Robert A. Henson and Miss Jessie Lee Vickery, both of Beat Four, were married Saturday night, February 11. They were married at the home of the pastor of the Central Baptist Church, Rev. E. R. Henderson.

Mrs. E. T. Sweeney has as her guest her daughter, Mrs. Hugh Barr Miller, of Haleshurst.

The Garden Club will meet with Mrs. Jay Gore Thursday afternoon at 3:30.

Mr. and Mrs. A. N. Rayburn went to Greenwood Sunday to visit Mr. and Mrs. R. A. Hale. Mrs. Hale is a sister of Mrs. Rayburn.

Mr. and Mrs. H. L. Honeycutt left Sunday to attend the Coca-Cola Convention in Atlanta, Ga.

Mr. and Mrs. Gaston Jordan and son, Mrs. B. W. Jordan, of Kosciusko, spent Sunday with Mr. and Mrs. Carl Jordan.

All children interested in sewing and games come to the College Gym Tuesday at 3:30. Mary Elizabeth McNeill.

Mrs. James Horton left Monday for Weasaco, Texas, for a visit with Mr. and Mrs. J. J. Horton. She accompanied J. J. Horton.

Mrs. N. E. Clippinger, of Indianapolis, has returned home after a visit with her husband.

Misses Louise McCaslin, Margaret Finney, Edith Penn, spent Sunday afternoon at the University of Mississippi.

Mrs. Ben Brown visited her daughter, Martha Bess at University.

Alonzo Billups, Miss Jewel Hines and Mrs. R. M. Long and daughter drove to Clarksdale Sunday.

Miss Dorothy Trotman, of Corinth, spent the week-end with her parents, Mr. and Mrs. A. L. Trotman.

Mr. Arthur Jarvis, left Monday for a government job in Sardis. He will be succeeded at Grenada Implement Co. by Mr. Earl White.

Mr. and Mrs. Jack Towns, of Greenwood, spent the week-end with their parents.

Arthur Meredith spent last week in St. Louis attending market.

Mr. and Mrs. J. S. Anderson and daughter, Melba, spent the week-end here with their daughter, Miss Flora Anderson and Mr. and Mrs. J. G. Jones.

Miss Eva Rose, of Cleveland spent Sunday here with her mother, Mrs. W. T. Rose and family.

Mildred McEachern, of Vaiden, visited his sister, Mrs. Mary McEachern.

Mrs. Arthur Meredith spent last week in Jackson.

Mrs. Frank Matthews will left yesterday for New Orleans to attend the Mardi Gras.

Mrs. S. L. Pipkin is improving and is still unable to be out.

S. S. Class Enjoys Delightful Banquet

On last Friday night, the members of Mrs. E. F. Matthews' Sunday School class enjoyed an unusually delightful banquet and party in the dining room of the Methodist Church.

The tables were beautifully decorated with spring flowers and red hearts. Dinner partners were found when each gentleman present was given a key and told to find the heart his key would unlock. Mr. Joel Batson was master of ceremonies. Mrs. Matthew, and Mr. C. A. Parks made short talks.

Mrs. Parks, Mrs. Henley, Miss Joyce Matthews, and Miss Louise McCaslin assisted in serving the delicious three course dinner.

The class is a newly organized one and is known at present as the "Young Adult Class." A name and motto are to be selected. Officers chosen were Joel Batson, president; George Murray, vice-president; and Donald Lockett, secretary and treasurer.

Games, and songs brought the evening to a close, and those who were privileged to share the happy occasion unanimously voted Mrs. Matthews a most charming hostess, in addition to that title which they had already conferred upon her—the very best of Sunday School teachers.

R. G. Club

The new and beautiful country cottage of Mrs. Buster Clanton was the scene of a most enjoyable slumber party by the prominent members of the R. G. Club Friday night. The six o'clock dinner consisted of Bar-B-Q chicken, hot rolls and coffee. A midnight snack of sandwiches, cakes, and relishes were served after an evening of games. After which dancing was enjoyed. Music furnished by Mississippi Vending Association.

Henshaw-Gaines

Mrs. Stanley C. Gaines, of Hattiesburg, and Mr. Stanley Henshaw, of Providence, R. I. and Greenville, Miss., were quietly married Friday evening in the home of their friends, Mr. and Mrs. P. T. LaGrone, Rev. C. A. Pharr officiated at the impressive ceremony.

Misses Bertha McCurdy and Elizabeth Hughes spent Sunday in Water Valley with Mrs. Hughes' parents.

STRAYED: Two Jersey male calves. One has horn broken. Phone 389, D. D. Smith.

Miss Mullin To Be Received By Mrs. F. Roosevelt

COLUMBIA, Mo. — Cora Mullin, daughter of Mrs. Fannie E. Mullin, Grenada, Miss., will be among a group of Stephens College students received by Mrs. Franklin D. Roosevelt at the White House Friday, March 3, when the Stephens College girls, on their 16th annual spring tour and cruise, visit the capital city.

Cora will leave Columbia with 500 other students on a special train March 2, and will go to Washington, D. C., where they will be honored by members of the diplomatic staff, representatives, and senators from their home states. In the evening they will dance with students from the University of Maryland, Georgetown University, American University, and attaches of the various embassies and legations at a ball to be given in the Wardman Park Hotel.

From Washington, the girls will go to New York City for three days. A highlight of their visit will be a preview of the World's Fair, Macy's department store from behind the scenes, Radio City, the financial district, and visits to fashionable shops and restaurants will also occupy their time while in New York.

March 8, Cora will climb the gangplank of the S. S. Algonquin, and will head for southern waters. A couple of days in Miami, a dance, and a swimming show will enter-

tain them there. The cruise will then head for Galveston, Houston, and enroute back to Columbia, arriving March 15.

Girls will be limited to two pieces of baggage, and most of them are planning to take only two afternoon dresses, sport clothes, for the boat, a tailored suit, and an evening dress and accessories. Approximately half of the students plan to visit Charleston, S. C., enroute to Miami.

Mrs. Shields, of Morton, Miss., is visiting Rev. and Mrs. C. S. Liles.

O. E. S. MEETING

A very interesting meeting of the O. E. S. will be held tomorrow night at the hall. All officers are very anxious to have all members present.

John Ed Murray

GRENADA, MISS.

Nolan Brown

Letter From Supt. Smyth

CANTON, Miss., Feb. 11, 1939.
Supt. John Rundle,
Grenada, Mississippi.
Dear Mr. Rundle:

I want to thank you for your telegram regarding the Debating Tournament and the honors won by Canton jointly with Grenada. We had a fine Tournament and I enjoyed it very much.

I am very sorry about the appearance of our debating team in the Commercial Appeal today without the courtesy of mentioning the Grenada team as co-champions. I talked to the Commercial Appeal representative in Canton this morning and was told that mention was specifically made about Canton and Grenada being for first honors. Evidently the article was deleted by the Commercial Appeal Editorial Staff. I shall attempt to make proper corrections.

With kindest personal regards,

J. M. Smyth, Supt.

Gossip From The Grapevine League

(By PETE LAMBERT)

Governor White has been declaring war on the gambling and whiskey joints in and around Jackson, properly named "The Gold Coast," for some few weeks now, but is he making any pretense in cleaning up every so-called district throughout the state?

His raids, so far, have been confined to two counties, Rankin and DeSoto. But is this fair to the citizens of other counties, and is it fair to the owners of the already raided establishments?

He has ordered the National Guard to raid the same places practically every time a raid has occurred, and these few owners should have the right to operate the same as the others who don't get raided, but none of them should be allowed to operate, neither secretly or openly.

The establishments of Rankin and DeSoto counties are more notorious than the ones of other counties, but does this make any difference? They all operate for the same cause, whether notorious or not, to obtain money legal or illegal, it doesn't make any difference.

These joints are located all over Mississippi, and they all have innocent looking fronts, but behind these fronts are nothing but gambling devices of all sorts, enough intoxicating liquors to supply an army, filthy dance floors, and most of them house women for mercenary purposes. People from all walks of life frequent these places, social prominent, rich and poor, and the ones from the other side of the tracks, but more so than ever, young men and women who go there unaware of what sort of place it is.

It's reasoning enough to think they don't have to visit these places, that's true enough, but the argument is—if such establishment didn't exist these young people wouldn't be tempted to their first experience, and everyone who has tasted this experience knows what a vile experience it is.

No, unless Governor White orders the Gardemen to raid in every county, he is not treating his governed people as a body, and he is failing most of his dependents by showing this partiality. Of course we don't have to depend on our governor for everything, what do we elect and pay a sheriff for? Certainly he could do something about these public menaces.

Church organizations, public welfare organizations, every kind of organization in existence can plan their urgency of such destruction, and every newspaper editor in the world can publish editorials until he is black in the face, but unless the sheriff or someone with equal authority, gives his cooperation, they are powerless to do anything.

When a person scratches his thumb, he generally tries to cure the scratch before it infects into a serious sore. Hiding our community of these gambling and drinking institutions comes under the same heading, because if the minor establishments are not destroyed, then eventually they will unite and form major cooperative firms, and now is the time for the sheriff and his deputies to clamp down, and clamp down with plenty of pressure.

Grenada Boys Win, Girls Defeated

(By Sue Collins)

Last night on the Yalobusha hardwood the Grenada boys took a decided victory from the Water Valley basketball team in a score of 40-12.

At the half of the girls game the score was 15-8, in the third and fourth quarters, however, the Water Valley girls went on a scoring spree to down Grenada's sextet 28-19. Goodwin was high scorer for Grenada. Williams made the most points for Water Valley. Though our girls lost, they played a good game and spectators say it seemed more or less chance that Water Valley should overcome a 7 point lead and ring up 11 points besides.

Thus, the home teams of Grenada ended their season of scheduled games. We feel it has been a most successful year. They have been up against some hard teams, and although they have not always been the victor, it can be said that they have made a good showing, have fought a good fight. They have played clean hard games and have helped to establish for Grenada more firmly the thing that means so much, honesty in competitive athletics.

In behalf of all concerned, we wish to take this opportunity to express our sincere thanks to Coach McKibben and Slaten for their diligence, patience, and kindness in working with the basketball teams this year; it has been a pleasure to work with them.

Mississippi Hogs Worth \$15,000,000

Mississippi farmers produced \$15,000,000 worth of hogs for sale and for use on the farm in 1938.

The progress Mississippi producers are making in raising their home meat supply and on some farms in producing a surplus of hogs for sale is revealed in a recent report by the Bureau of Agricultural Economics.

The number of farms reporting hogs increased from 172,439 in 1930 to 219,727 in 1935, a gain of 47,288, the census reports. During the same period the number of hogs was increased from 732,781 in 1930 to 927,481 in 1935 and 1,071,000 in 1938.

Mississippi farmers who grow hogs for sale saw their income from marketings of hogs, pork and lard climb from \$1,474,000 in 1932 to \$6,207,000 in 1937. The value of hogs slaughtered for home consumption increased from \$3,952,000 in 1932 to \$7,072,000 in 1937, giving a gross income of \$13,297,000 to the 1937 hog crop.

The 4-H boys' pig club work continued to be the principal medium for bringing about improvement in the quality of hogs grown and demonstrating better practices in feeding and management. County agents, however, in 1938 reported that more adult farmers obtained purebred breeding hogs for use on the farm.

The establishment of meat curing plants throughout the state has given great impetus to the production and curing of the home meat supply. Use of these plants has helped farmers to eliminate pork losses on the farm and to improve the quality of meat cured. County agents and livestock specialists gave demonstrations in butchering, cutting, curing, and storing meat products. During the 1937-38 season 11,746 farmers cured 2,073,829 pounds of meat in 46 curing plants.

No Conviction For Drunk Drivers

Highway Patrolmen who operate out of Grenada stated in The Star office yesterday, with a bit of chagrin, that they had been unable to obtain a single conviction for drunken driving in Grenada, although they have made numerous arrests.

In several other cities and towns, in which they operate along Highway 51, the patrolmen said they had been able to obtain a conviction in every instance.

It was their opinion that those arrested for drunken driving, near Grenada had escaped through legal loopholes, in the major number of cases.

This Funny Thing Called Love

Found unconscious on a Budapest street, a printer, when revived told police he had set in type the name and address of his faithless sweetheart and then swallowed the whole thing—37 letters, two commas, and a semicolon—with a pint of mild poison as a chaser.

Grenada County Got \$8,833.10 In 1938

JACKSON, Miss. — Residents of Grenada County received \$8,833.10 during 1938 in small weekly job insurance checks, according to the annual report of the Mississippi Unemployment Compensation which has just been released by Executive Director Leon L. Wheeler.

The Commission mailed 1,649 checks to the county, the average amount being \$5.40. The highest check amount was \$15.00. These weekly checks are mailed for a limited period to insured and eligible workers who have recently lost their jobs. They are intended to sustain the purchasing power of a community and to safeguard workers against the worst hardships while they are seeking new employment.

During the last 11 months of 1938 the commission placed 817 persons in jobs in the local operating area through its division, the Mississippi State Employment Service. The placement included 427 in private and 390 in public employment. This operating area includes the counties of Grenada, Calhoun, Carroll, and Montgomery.

Mr. Wheeler said the commission tries to place every claimant in a job, and pays benefits only to those whom work cannot be found. To be eligible for benefits, an individual must report in person weekly to the Mississippi State Employment Service and indicate that he is unemployed and available for work. Two weeks must elapse after the first weekly claim is filed before the first compensable week begins, and even then an individual is eligible for payments unless he has an adequate record of wages earned from a firm covered by the Unemployment Compensation Law. Payments are postponed for claimants who quit work without good cause, are fired for misconduct, or refuse to accept suitable work.

From April 1, 1938, when the first claims were received, until the end of the year, a total of 553 initial claims were filed in Grenada county. The initial claim is the first in a series of weekly claims filed by the same individual.

Buick Sales Break Record

FLINT, Mich. — Buick sales for January broke all records for this month in the history of the company, it was announced today by W. F. Hufstader, general sales manager.

Retail deliveries of Buick cars by dealers in the United States totaled 12,977 units, the executive said, compared with the previous high of 11,285 cars, established in January, 1936.

The sales compared with 9,439 units last year, a gain of 37.5 per cent, and with 10,523 in 1937, the next best January in the current phase of Buick sales expansion.

Sales during the month showed steady increase, Mr. Hufstader said, with deliveries during the last 10 days registering a 16.1 per cent gain over the previous period which in turn had exceeded the first 10 days of the month. Buick dealers in the United States retailed 5,025 cars in the final January period, he said, compared with 4,338 in the previous 10 days and with 3,819 in the corresponding period of January last year.

Record volume also was achieved in used cars with deliveries for the last 10 days of the month totaling 10,491 units and sales for the month reaching 38,808. This compared with 10,360 used car sales in the last 10 days of January last year and with 24,692 in the first 1938 month.

Inventories of both new and used cars are lower than at this time a year ago, Mr. Hufstader said, while the Buick division entered February with a bank of unfilled orders substantially larger than at this time last year.

STUDENT GROUP FORMS HITCH-HIKING SOCIETY

LINCOLN, Neb. — Introducing the University of Nebraska "Student Hitch-Hiking Society."

The university non-fraternity council is sponsoring a movement to patent a "knights of the road" insignia which will be worn by members of the society.

The organization will insure motorists that any "knight of the road" displaying the insignia will be safe to "pick up." Due to the organization will be \$1 yearly to cover insurance premiums and incidental expenses, sponsors said.

The society is designed to aid students who hitch hike home on week-ends.

SIMON KOOYMAN

Clarksdale Coming Coming Feb. 16th

Professor Simon Kooyman, director of the outstanding Clarksdale High School Band which will present a concert in Grenada on February 16th, is recognized throughout the state and nation as one of the finest school band directors. Mr. Kooyman organized the first high school band in Mississippi and is looked up to as the real father of this movement in the state. In addition to his work with high school bands, he is a composer of national prominence, having written and published several suites, and numerous light concert and march numbers. He has been director of the Clarksdale High School Band for their entire years.

In 1926 Mr. Kooyman was employed by the Clarksdale schools and organized a band of 28 students. The practice room was an old swimming pool floored over, and the band was developed under the most trying circumstances. Today there are about 200 in the first band, second band, beginner's band and orchestra. The band practices in a modern band building with special insulation and with storage rooms for larger instruments and uniforms. The instruments which the Clarksdale band owns are listed at many thousands of dollars to say nothing of the instruments that are individually owned.

Since Mr. Kooyman took charge of the Clarksdale organization it has entered ten state contests and two national contests. The band has won top rating in the state ever since its organization. In 1931 the band entered the national contest at Tulsa, Okla., and won creditable recognition. In 1937 the band took first place in both the concert and marching of the National Regional Contest held at Jackson, Miss.

Bobby-Emma Jean To Rule Juniors

Mrs. Charlie Cathay, chairman of the Junior Mardi Gras afternoon dance, announces with pleasure Grenada's Junior King, handsome Bobby Alexander, and his charming queen, Emma Jean Gessalin, who will rule with regal dignity over their young subjects at the Junior dance at 4 o'clock on Friday afternoon February 17 at the Community House.

Their unique court will consist of well-known circus characters, and with song and dance will delightfully entertain the reigning King and Queen, Rogers Pleasants and Jean Scott Burt. This attractive couple will graciously crown the newly-elected King and Queen, Bobby Alexander and Emma Jean Gessalin.

Everyone is cordially invited to come and join in dancing, led by the 1939 Junior Royalty.

An Erroneous Statement

In the Commercial Appeal this morning appears a picture of the Canton High School debating team and under the picture the statement that this team won the State High School Debating Championship. This statement should have read "Co-Championship" with Grenada winning equal honors.

Supt. of Canton Schools has assured us that the error would be corrected in the Jackson Daily News.

Dental Leaders To Speak At Meeting

The North-West Mississippi Dental Society will hold its mid-winter meeting at Clarksdale, Miss., on Monday, February 20th, at the Alcazar Hotel. The Society will hear as clinicians and speakers Dentist of outstanding ability and reputation.

Dr. John J. Ogden, Memphis, Tenn., will give a lecture on, Oral Surgery with special reference to Dental Cysts, with lantern slides of cysts cases operated.

Dr. A. H. Henderson, Greenville, Miss., will give lecture and procedure in removing impacted wisdom teeth, also, models showing different stages of operation. Dr. Henderson put on this clinic in October 1938 at the American Dental Association in St. Louis, Mo.

Dr. William H. Cason, Memphis, Tenn. President of the Memphis Dental Society, will give a lecture and clinic on, "A fool proof method for establishing a correct bite for dentures."

Dr. O. M. Jamieson, Memphis, Tenn. will give a special lecture on "Operative Dentistry," including his special system of making crown and bridge-work and special technique on preparation for inlays.

Dr. W. E. Lundy, Memphis, Tenn., Orthodontist, will give a special table clinic and display of models, showing achievement of each.

Dr. Fayette Williams, Jr., Corinth, Miss., President of the North-East Mississippi Dental Society, also, member of the State Board of Dental Examiners of the State of Mississippi, will give table clinics and display of models showing success he has achieved in Orthodontia.

Dr. A. B. Kelly, Yazoo City, Miss., member of the State Legislature, also, member of the State Board of Dental Examiners of the State of Mississippi, will be the guest speaker at luncheon.

Dr. George P. Evans, Jackson, Miss., is known to every dentist in the State, as well as being widely known throughout the South, as the very efficient Secretary and Treasurer of the Mississippi State Dental Association, will also be a guest luncheon speaker. He will explain the laws of the Mississippi State Dental Association to the Association.

State Plant Board Says

STATE COLLEGE, Miss. — Rat campaigns are being held in many towns and communities at this time, using powdered red squill as a poison, since it is practically harmless to all animals except rats. The cost is between \$25.00 and \$35.00 per thousand population. Very satisfactory results have been secured. For information and assistance in fighting rats write the State Plant Board at State College.

Termite damage to dwellings may continue through the winter in many cases, unless control measures are used. The home owner who can spare the time to treat his house, or supervise its treatment, may easily do so. For full directions for preventing termite damage, write the State Plant Board at State College.

To prevent Rose disease next spring, prune off all dead or diseased shoots this winter, clean out and burn all old leaves, and spray bushes thoroughly with Bordeaux mixture. After leaves are out in spring dust as weekly intervals with one part arsenate of lead and nine parts dusting sulphur.

On account of the danger of bringing in several insects or diseases which are either not present, or not widely distributed in Mississippi, the State Plant Board has quarantines in force which prohibit the shipment into Mississippi of sweet potatoes or plants, sugar cane, bees and second-hand bee-keeping equipment, and alfalfa hay except when the shipments are accompanied by permits issued by the State Plant Board.

Dummy Balks Auto Thieves

Melbourne, Australia. — A ruse to foil auto thieves has been perfected by a local motorist. It's a lifelike figure of himself, clad in his usual business suit, top coat and felt hat, which he leaves sitting in the car at the wheel while he is absent.

WPA CLASSES KEEP GRADUATES "IN FORM"

NEW BRITAIN, Conn. — The local WPA organization has started a project to prevent high school graduates from going "stale" on what they learned before they find jobs.

Anthony P. Martino, educational director, inaugurated courses in typewriting, bookkeeping, stenography and other studies to keep the graduates "in shape" until they could get placed.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germladen phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

DYRE-KENT DRUG CO. NOTICE

In accordance with Section 6581, Code of 1930, laws of the State of Mississippi, notice is hereby given that I have this 23rd day of January, 1939, called a special election to be held by the trustees of the common and consolidated schools in the court house in Grenada, Mississippi, at two o'clock p. m. on Friday, February 17, 1939, to elect a member of the Grenada County School Board from Beat Three, Grenada County, Mississippi, to fill the vacancy caused by the resignation from the said Board on January 23, 1939, of G. C. Trusty, of the said Beat Three, whose term will expire the first Friday in May, 1943.

Respectfully ordered,
O. D. SPATLIN,
Supt. Educ., Grenada County,
Mississippi.

Holcomb News

Our entire town was saddened and distressed last Thursday when we learned of an injury that little Mary Ann Hayden had suffered. She was struck in the eye by a spring from a green door when she pushed it open the spring broke and pierced the ball. They rushed her to Grenada Hospital and had it treated, hoping they could save it, but on Saturday Dr. Sam Caruthers had to remove the eye. She is recovering nicely and is expected home soon.

We are very sorry that Mrs. Melnot Hill has been confined to her bed for more than a week, suffering from a severe case of flu and whooping cough. The complication has caused a slight attack of pneumonia. However our last report from her is that she is doing better. She was happy to have her parents, Mr. and Mrs. Wester Woods from Cateretta who came over on Saturday night to see her. Her father returned Sunday afternoon, but Mrs. Woods is still with her. We are wishing for a speedy recovery.

Mrs. J. A. Rice is on our sick list this week.

Mrs. Ed Holcomb who has been kept in for several days on account of a severe cold is able to be out again.

Mr. McBride, our splendid superintendent of the school here was called to the bedside again last Wednesday of his father, who resides in Goodman, and who has been ill for sometime. He is improving.

Rev. and Mrs. A. W. Bailey attended the meeting of the Missionary Society in the Plant on Monday afternoon. A very glorious "pounding" was bestowed upon them—a "pounding" that might cause one to "turn the other cheek?"

A mission study course was begun Monday night in the Methodist Church to be directed by the pastor. All members of the church are expected to attend. Especially the members of the Missionary Society. The book to be studied is "The Inevitable Advance."

Preparations and arrangements have been made by Mr. Paul Hayden for the erection of a new building for his place of business. Work on the building will begin within a few days.

John Oliver Woods from Cadretta, was over to see his sister, Mrs. Melnot Hill on Monday.

Scobey News

Mr. Dudy Jennings and family of utwiler spent the week end with their mother and grandmother. Mrs. N. L. Jennings.

Rev. G. L. Sledge, Methodist Minister of Duck Hill filled his appointment here Sunday morning. He was a dinner guest in the home of Mr. and Mrs. C. M. Elmore.

Mr. and Mrs. Jack Hodges and children, Messrs. Roy and Jerry Blauk of Durant are spending a few days with their mother and grandmother, Mrs. Kate Dogan.

Mr. Monroe Wallace Jr. and Mrs. Dick Morsemann, both of Malden, Mo., were married last Thursday at noon. They spent a couple of days here with Mr. Wallace's mother, who has been very ill. They are now down on the coast for their honeymoon. We wish this couple a long and happy life.

Mr. Fred Wallace of Louisiana and Mr. Frank Wallace of Cleeland spent the week-end with their father, Mr. J. M. Wallace, Sr., and sister, Mrs. Wynne McSwine.

We are still enjoying Bro. Hunter's messages every morning over WGRM at 9:00 o'clock. Hear him, he is a fine preacher.

The Board of Supervisors has formally accepted the resignation of Mr. J. C. Sides, who for 15 years has been our county agent. The resignation is effective February 15. The District Agricultural agent recommended Mr. W. Y. Parker, who was immediately selected as his successor.

Sorry to report Mrs. Ellis Howle is on the sick list this week. Hope she will be out again soon.

Gore Springs News

Prof. and Mrs. Eugene McGahey and little daughter, Martha Nell, visited friends and relatives in Calhoun City and Bellefontaine Sunday.

Mrs. L. B. Dayton and Mr. and Mrs. Roy Chamberlain were guests Sunday of Mrs. Bell Trussell and Mr. and Mrs. D. M. Trussell.

Mrs. Alice Trussell returned home Sunday after a few weeks visit with Mr. and Mrs. Jim O'Brien, of near Grenada.

Mr. Jimmie Fite, of Greenwood, visited the school for a few minutes Monday.

Mr. W. G. Martin left Sunday for Grenada, where he will visit in the home of Mr. and Mrs. W. L. Martin through the week, after which he plans to go back to Wayside to be with his daughter, Mrs. J. H. James.

Mr. and Mrs. Walter Tucker had as their guests Sunday Mr. and Mrs. J. E. Gray and family and Misses Margaret and Billie Martin. Saturday afternoon Messrs. Johnnie Willis, R. J. and William Turnbo, of Graysport, and James Sulton Halle and T. J. Tharpe motored to Water Valley and battled with the basketball boys. Although they made a good fight, the game was lost. Cheer up boys, there never was a night so dark that day did not come.

Mr. S. N. Brown was a dinner guest in the G. E. Chamberlain home Sunday.

Rev. McKibben, of Duck Hill, filled his regular appointment at Gore Springs Sunday.

Those who visited in the home of Mrs. Annie Tharpe and son, T. J. Sunday, were Mr. and Mrs. A. L. Nalle and Miss Ruth Hill, of Grenada; Mr. McKnight, of Graysport, and Mesdames Jack Hightower and Minnie Clanton and children, of Alva.

Miss Harriett Pervitt, popular English teacher, visited in the City Beautiful Saturday afternoon.

Miss Juanita Trussell left Monday for Greenwood to visit with friends and relatives.

Supt. and Mrs. O. D. Spratlin were welcome visitors at the school Wednesday, February 8th.

Mt. Nebo News

The W. M. U. met at the home of Mrs. W. D. Merritt last Monday for the purpose of reading the monthly program. Ten ladies were present. Devotional service was by Mrs. Carmack Merritt. Songs: Sweet Hour of Prayer, More About Jesus, I Love to Tell the Story. Mrs. W. H. Carter and Miss Grace Merritt, using for their parts. Prayer and Study. Mrs. Carl Boland, Prayer and Mission. Devotional by all. The circle will meet for the week of Prayer program at the home of Mrs. Mrs. D. J. Haile on Feb. 27th.

Mr. and Mrs. Carl Boatright were guests last Sunday in the home of Mrs. A. F. Clark.

Mrs. T. W. Anderson and Miss Jessie Mae Anderson had as their guests last Sunday, Mrs. Ash Clark and Miss Ruth Rounsaville.

M. O. Gray visited in the home of Mr. and Mrs. G. C. Trusty Saturday night.

Mr. Tude and Ed Suggs was the guest of Mr. M. O. Gray last Sunday morning.

I am asking for a correction of a mistake made in printing a notice of a shower given in honor of Mrs. Howard Rese nee Miss Louise Cook the printer's errors being the use of the name, Pool, instead of Rose.

Rev. Peders, the Methodist preacher, filled his regular appointment at Mt. Nebo last night. He brought a visiting Brother with him.

Miss Wood failed to meet the ladies at Mrs. Hubert Clark's last Friday afternoon. It is presumed that the rain was the hindrance. Seven ladies met and enjoyed refreshments of cake, peaches and coffee.

Mr. and Mrs. Jim Colledge had

as their guests last Sunday their grandmother, Mrs. M. A. Trusty and mother, Mrs. M. O. Gray, and brother and sister, Mr. and Mrs. Rufus Gray.

Mr. and Mrs. Jones Rounsaville were Saturday and Sunday guests of their mother and father, Mr. and Mrs. W. M. Yeager.

Master James Edward Havens accompanied Master Pete Yeager home from school last Monday and spent the night.

Don't forget to go to Shiloh next Sunday to hear Rev. J. W. T. Siler and to take part in electing a pastor for this year.

Mr. and Mrs. Rufus Gray spent last Monday night with her mother, Mrs. Will Vickery.

School Trustee Election March 4

To County Superintendent of Education:

The following statements contain the qualifications of a person to be eligible for trustee and the requirements for the election of trustees. If you can get a copy in the hands of each board of trustees, the election should go off smoothly.

The election must be held Saturday, March 4, at 2:00 p. m. at the school house.

Organize the body by electing a chairman and secretary.

The election must be by ballot. No proxies will be allowed.

Qualifications of Trustees

To be eligible to the office of trustee in a common school district or a consolidated school district having three trustees, a person must be a bona fide resident of the district, a qualified elector, not an employee of the school district, nor a teacher in any public school. A MAJORITY of the trustees must be patrons of the school.

Procedure

The holding-over trustees shall make a list of all patrons of the school, including both parents of the child. Add the names of those who will be patrons in September if they have lived in the district one year. Add to the list already made the names of those having realty property in such district as shown on the last rolls of the county. Check this list with the poll books of the county. Strike off the names of all those not found on the poll books as qualified electors. Unless this list is prepared before Saturday, much confusion will result.

Who are qualified to vote in the election of trustees?

Answer: A person must be a bona fide resident of the school district, a qualified elector, and possess one of the following qualifications:

1. Must be the parent or guardian of a child who has attended

school in the district for eight weeks during the session, or

2. Is the parent or guardian of a child who will be six years old before the first day of September and has lived in the school district for one year, or

3. Owns realty property in such district assessed on last year's roll of the county.

These questions are frequently asked:

1. Can a person who is not a patron of the school serve as trustee?

Answer: One of the three may be a non-patron.

2. Can a member of the county school board be elected trustee?

Answer: No.

3. Can a person be a trustee of one school and patronize another?

Answer: No.

4. Can the trustee go back of the poll books and check sheriff's poll tax receipts to determine if a person is qualified to vote?

Answer: Yes.

5. Is a person required to present the poll tax receipts before he is allowed to vote?

Answer: Not unless some question is raised in regard to his eligibility.

bility.

6. If a person whose name is not on the list prepared by the trustees insists on voting, what should be done?

Answer: Permit the person to vote under protest, as in a regularly conducted county election, that is: put the ballot in an envelope, write thereon the name of the person voting, seal it, and get instructions from the county superintendent as to whether it can be legally counted.

Cordially yours,

J. S. Vandiver, State

Supt. of Education.

By J. M. Bryant, Asst.

State Supt. of Education.

Submitted by O. D. Spratlin,

County Supt. of Education.

manager announced here. This compares with 36,469 units in January 1938, and is an increase of 12,566 units or 31.7 per cent.

In the same month, Mr. Heller announced, Chevrolet dealers sold 114,375 used cars, or 6,500 more than in January 1938. Combined new and used car sales for the month were 166,241 units, as compared with 144,919 a year ago.

For the past month, Mr. Heller pointed out there has been a steady rise in the monthly percentage of increase over sales for corresponding periods in the 1938 model year. In November, the advance was slightly more than 6 per cent, in December it was 26.4 per cent, and in January, 31.7 per cent.

MELBOURNE — Through a scheme originated by Lloyd's of London, Australian parents can now insure against loss of school fees and tuition when their children are absent as a result of illness. The plan has been installed here and at Sydney.
